

A1 A2 A3

Electric Airless Paint Sprayer

Introduction

A1 A2 A3 electric airless sprayer with piston pump is specifically designed for the professional painter. It's the ideal choice for contractors who need a higher output, higher-quality sprayer for daily use on residential jobs.

Airless Sprayer Leading Manufacturer

Advantage

Smart Pressure Control system (A2 A3)

Latest pressure control system delivers a consistent spray fan at all spraying pressure. And with digital display, you can read and regulate the pressure easily. The microprocessor will generate the fast response when spraying.

Easy out manifold filter

Easy out manifold filter will reduce the tip clogs. The pump filter could be disassembled by hand easily.

Quickchange System(S3)

The HVBAN pump is exceptionally durable and easy to install. The professional quick change system allows for the elimination of downtime by replacing the pump on the job.

Stainless Steel Rack.

Stainless steel Rack makes the machine firm stand.

This is a configuration that is only available in high-end devices and can provide you with a better experience.

Model	A1	A2	A3
Maximum Flow (L/min)	1.9	2.1	2.3
Maximum Working Pressure	20 MPa	21 MPa	23 MPa
Nozzle Size(In.)	0.019	0.021	0.023
Power Source	Brush DC Motor	Brush DC Motor	Brushless DC Motor
Power Type	220V,50-60HZ	220V,50-60HZ	220V/110V,50-60HZ,
Dynamic Power	750W/1HP	900W / 1.2HP	1300W / 1.7HP
G.W. (Kg)	22		
Package Size (cm)	41X50X54
