

PFS 41 ES

REQUEST INFORMATION

The PFS 41 ES combined surface/thickness planer has been designed to satisfy the most demanding users and is characterized by its sturdiness and excellent construction quality.

ADVANTAGES

Sturdiness: the machine is equipped with very long, ribbed, cast iron surface tables to obtain perfect straightening of very long parts. The large sized surface fence tiltable 90° - 45° with sliding on round steel bar guarantees perfect results.

Reliability: the planing unit is equipped with a steel cutterblock with 4 knives.

Flexibility: thanks to the quick changeover system, changeover from surfacer to thicknesser requires just a few seconds.

TECHNICAL DATA

| | PFS 41 ES |
|---|--|
| SURFACE PLANER | |
| Maximum working width | 410 mm |
| Total length of surface tables | 2200 mm |
| THICKNESS PLANER | |
| Maximum working width | 410 mm |
| Thicknessing table dimensions | 410 x 775 mm |
| Min./max. working height on thicknesser | 3/240 mm |
| GENERAL FEATURES | |
| Motor power | 5 kW / 6,6 Hp 50 Hz 6 kW / 8 Hp 60 Hz |
| Maximum cutting depth surface/thickness | 5 mm |
