

▶ Z60, Z45 and Z25 Electric Series

The Z60, Z45 and Z25 Sprayers are an electric alternative to air-operated single-leg sprayers. They produce a smooth, consistent, evenly distributed spray pattern – without the need to tow a large compressor.

Disconnect Switch

- Easily accepts 240V x 1-phase power

Dual Cooling Fans

- Sprayer operates in temperatures up to 120°F (50°C)
- Ideal for continuous duty applications

Electric Driver

- Powerful and capable – up to 6000 psi (414 bar, 41.4 MPa)
- Fit for outdoor use

Portable, Lightweight Cart

- Easy to maneuver

Xtreme Lower

- 145cc for optimal pressure flow
- Quick knock down for easy repairs
