

## PNEUMATIC RANDOM ORBITAL PALM SANDER RA150A Ø 150MM VELCRO ORB 5MM

## **RA150A**

Quick release button for the pad without using keys

Top quality machine, light, powerful, accurate, silent and very well balanced

Versatile and easy to use, capable of high abrasive power and of an optimal level of finish

Rotary orbital motion: the combination of orbit and rotation ensures optimal sanding results

Much reduced vibration levels thanks to optimal balancing

Fitted with an anti spinning system which accelerates the pad slowly during start up, thereby avoiding surface scuffing

Speed regulation valve

Pressure regulator eliminating the "blow back" effect of the pad on the surface

## **Applications**

Universal application for sanding wood, plastics, metals and painted surfaces, suitable for roughening and

Sanding fibreglass and "gelcoat" materials

## **TECHNICAL DATA**

Backing pad thread		5/16"
Shaft locking button		$\sqrt{}$
Speed control		$\sqrt{}$
Max consumption air	l/min	380
Weight	Kg	0,950
R.P.M.		off - 11000
Working pressure	bar	6
Ø orbit	mm	5
Ø backing pad	mm	150
