

Ocean LP

Ocean LP

- 4 poles electrical motor (1450 RPM) with thermal protection and water cooling motor (1515-2015) • Three ceramic coated pistons (1211/1510), full ceramic pistons (1515/2015) brass linear pump head with built-in by-pass valve • Suction and delivery S/S valves • Automatic Stop (1211/1510), Automatic Stop (late shut down protection 24V mod. 1515/2015) • Detergent built-in tank for indirect suction • Power cable (5 m) • Pressure regulator • Glycerine pressure gauge.

Standard equipment:

- High pressure gun • High pressure lance with fan jet • High pressure hose m 8 (1211-1510), High pressure hose m 10 (1515-2015)

Optional:

- Hose reel code 6.608.0021

Models: 1515-2015
