Adjustable

### Product Use - Risks

Biological chemical particles

Construction / Civil engineering

Second work / craftman

Light industry

## Product's highlights & user's benefits

Clip closure at the back with textile elastic

Easy to set-up and remove

Very soft and comfortable TPE shell

Even after crushing the mask systematically returns to its original shape for a perfect fit on the face

High performance exhalation valve

Better evacuation of moisture and heat for extended comfort of use

Screw system to change the filtering facepiece

Economical and ecological solution with the replacement of filter media only

DELTA INNOVATION
