

MASTERGEAR

The **MASTERGEAR** from **EGA Master** are all-in-one combination ratchet wrenches designed for most demanding professionals.

Made in **Chrome-Vanadium**, they easily stand the most restrictive quality standards.

The switch for the **MASTERGEAR Reversible Combination Wrenches** has been designed to:

- Avoid the early need of replacement due to breakage, as this switch is protected by the body of the wrench.
- Avoid unwanted switch reversing during the use.
- Work comfortably without obstacles.

According to: **DIN 1711**

Save time and manageability: their **72 teeth gear together**, with **ratchet head design** the ratchet head design enables tightening in

the narrowest places, with only **5°** required for such purpose.

Versatility: its innovative box drive allows tightening multiple nut heads, tsuch as Spherical, 6-point, 12-point, Square and E-torx, as well as with 50% rounded off nuts.

MASTERGEAR COMBINATION RATCHET WRENCH
