

# CO-CONTACT CLEANER II

---

## Technical Data Sheet

---

Product name: CO-Contact Cleaner II	Creation date: 07/04/2019	Version: 1.0
		Replaces:

---

### Section 1 : General description

CO-Contact Cleaner II is a precision cleaner for electrical or electronic equipment. It removes contaminants, dust, dirt, light oils, moisture or fingerprints.

### Section 2 : Features

- No ozone depletion.
- Cleans dirt, oil, greases.
- Fast evaporation leaving no residue.
- Stable, non-staining and non-corrosive.
- Safe on most plastics, coatings and rubbers (test prior to use).
- Aerosol is equipped with the 360°C (upside-down) spray valve.
- Aerosol is pressurised with non-flammable CO<sub>2</sub> propellant, giving an active product content of over 95%.

### Section 3: Applications

- Electro-mechanical assemblies.
- Control assemblies.
- All electrical contacts.
- Electronic components.
- Printed circuit boards.
- Sensors.

### Section 4: Directions

- Spray liberally and allow excess to run off.
- Use extension tube for more precise application.
- Air dry or dry with absorbent cloth.
- Repeat if necessary.
- Check plastics compatibility before use. Do not use on sensitive electronic equipment.
- Use with adequate ventilation.
- Do not use on energized equipment.
- Allow to dry thoroughly and vent before reactivating system.

***A safety data sheet (MSDS) according to EC Regulation N° 1907/2006 Art.31 and amendments is available for all CRC products.***

## Section 5: Typical product data (without propellant)

Physical state	colorless liquid,
Odor	Characteristic
Specific gravity (@ 20°C)	: 0,68
Boiling range (°C)	: 60-95
Flash point (closed cup)	: < 0°C
Non-volatiles	: none

## Section 6: Packaging

Aerosol 12x400 ML

All statements in this publication are based on service experience and/or laboratory testing. Because of the wide variety of equipment and conditions and the unpredictable human factors involved, we recommend that our products be tested on-the-job prior to use. All information is given in good faith but without warranty neither expressed nor implied.

This Technical Data Sheet may already have been revised at this moment for reason such as legislation, availability of components and newly acquired experiences. The latest and only valid version of this Technical Data Sheet will be sent to you upon simple request or can be found on our website: [www.crcind.com](http://www.crcind.com).

We recommend you to register on this website for this product so you will be able to receive any future updated version automatically.
